RE: Final Health and Safety Plan Acceptance

Dear Dean:

Ecology and EPA have received Landau Associates' Final Health and Safety Plan for the Colbert Landfill Remedial Design/Remedial Action, dated August 7, 1989. The Department of Ecology finds the plan acceptable. Due to liability constraints, I am not able to "approve" the Health and Safety plan, but only to find it "acceptable."

EPA wishes only to acknowledge receipt of the final plan, and does not intend to either "approve" nor find "acceptable" the plan.

I think you have covered all the bases in the Health and Safety plan. As always, if you have any questions, please give me a call at (206)438-3043.

Sincerely,

Mike Blum
